

# COVID-19

Novel Coronavirus

## Protect Yourself

**The best way to prevent infection is to avoid being exposed to the virus with prevention measures including:**

- Wash your hands often with soap and water or use an alcohol-based hand sanitizer.

- Avoid touching your eyes, nose, and mouth with unwashed hands.

- Avoid shaking hands with others.

- Avoid close contact with people who are ill.

- Stay home when you are ill.

- Cover your cough or sneeze with a tissue, then immediately throw the tissue in the garbage and wash your hands. If you don't have a tissue, sneeze or cough into your sleeve or arm.

- Clean and disinfect frequently touched objects and surfaces.
